

PRODUCT FILE

English D.C.

Country of manufacture: GB

Year of manufacture: 1898

Number of blades: 3

Diameter: 130 cm

Power: D.C.*

Weight: 15 kg

ENGLISH D.C.

Great Britain - 1898

This Art-Nouveau fan belongs to the very limited production of a small and short-lived electromechanical English firm. The few pieces still around are direct-current ones; the disappearance of the firm might in fact be ascribed to its inability to reconvert to an alternating-current production.

Our Fantique collection includes two extremely rare pieces, found in a London's flea market.

Guaranteed quality

Fantique's "Period Originals" collection is covered by a 2 year warranty. Hand assembled one by one, the fans are checked and tested individually in each and every components before packaging. Every function is also meticulously tested: from balancing and blades inclination to flow rate, from electric standards to rigorous endurance tests (5 hours at full speed).

Telephone assistance

Our antique fans are mounted in the same manner as commercial models, which is quite simple. We nevertheless recommend that you rely on qualified personnel, to whom Fantique offers telephone assistance free of charge on any issues (not necessarily related to the mounting of the fan), by simply calling the following numbers: +39 06 68802417 or + 39 337 733077.

D.C.* = Direct Current
